

# The Best Days

verse 1:

I've Got plans and goals I might not ever see  
still lacking the funds that will make me feel free  
I envy the ones who can just be content  
sometimes dreaming to big just leads to disappointment  
but I can never let it go  
I'm always needing more  
I can never let it go

chorus:

**So honey we should dig down deep tonight  
show each other everything inside  
this could be the best day of our lives**

verse 2:

we can't know the future, there's no way to control  
just what lies ahead on that open road  
you can curse your misfortune or get down and pray  
get stuck in the past or just live for today  
but I can never let it go  
I'm always needing more  
I can never let it go
