

## Wicked words

I've got this round buddy hey honey

2 coronas and lime

I think it's kinda funny that you're asking me for advice  
experience with women well I've got quite a history

I know you think that she's the one that's why I'm glad you  
came to me

If she says baby where have you been all of my life

and I'll never get tired of kissing

and holding you tight

If she says she loves you forever than brother

let me fill you in

they're just wicked words of women

it might sound kind of jaded

and I'd hate it if I'm right

but I've been around the block and

I've been taken for a ride

maybe I'm just unlucky

I don't mean to rain on your Parade

my heart has been so scared and busted trust me

brother when I say

the same words that charm you

they're the ones that can harm you

prove me a fool but until then

they're just wicked words of women
